YOUR GUIDE TO THE WORLD OF SONIC THE COMIC (STC) & SEGA. PRESENTED BY YOUR HOST, MEGADROID.

CONTROL ZONE

Hey, Boomers!

Or should I say 'Pardners'? Welcome to this rootin', tootin', wild rooster crowing issue of *STC*. Hold on tight as we gallop into the contents of the UK's only official Sega Comic.

That blue, beavering hedgehog, sure plays a mean complete story in **Sonic's Spinball Wizard**.

Shining Force, a mega-fab new series based on the successful Sega game, debuts this issue. Mixing magic, myth and mechanical marvels - let's hope it does your circuits a power of good.

You asked for him - and amazingly - those humes-who-think-they're-in-charge took notice! For all of you who wrote in demanding more **Tails**, the fabulous flying furry one is back with a price on his head in **Fox on the Run**.

Plus, **Knuckles** does a bit of D.I.Y. as he attempts to create a **New Master Emerald**. For those Boomers who want to know the secrets of Sega's energetic Echidna, brace yourselves for the first ever **Knuckles Special**. On sale 6 April, it contains forty-eight power-packed pages, including brand new stories, compos, a pin-up, a revealing interview with the red 'K' himself and a look-in from Chaotix too! Collector maniacs will love it, so stay tuned for more details.

Finally, check out your Howdy Doodles in **Graphic Zone**, plus there's a whole host of Boomers due for a handsome reward in the **Photo Zone**.

Hope some of you will be riding into the **UK Comic Art Convention** (see **UKCAC** Zone, *STC* 72) on Sunday, 3 March. Remember, the action starts at 3.00pm at the Institute of Education, Bedford Way, London WC1, so lasso an adult-hume to take you along!

HUME ERROR - STC 70

Apologies to everyone expecting to find the usual shiny pages inside this issue. Unfortunately, Badniks were about and managed to track down the printer's address.

Thankfully, the contents remained intact, even if they weren't displayed on *STC*'s usual paper.

SINCE DOCTOR ZACHARY'S ROBOT DESTROYED THE MASTER EMERALD, I'VE HAD TO USE ITS HEAD AS A REPLACEMENT*

*THE ROBOT ABSORBED ALL THE EMERALD POWER. SEE STC #67

IF THIS WORKS, ALL THE POWER SHOULD BE TRANSFERRED TO THIS NEW MASTER EMERALD!

AND I'VE GOT TO ADMIT IT'S LOOKING PROMISING

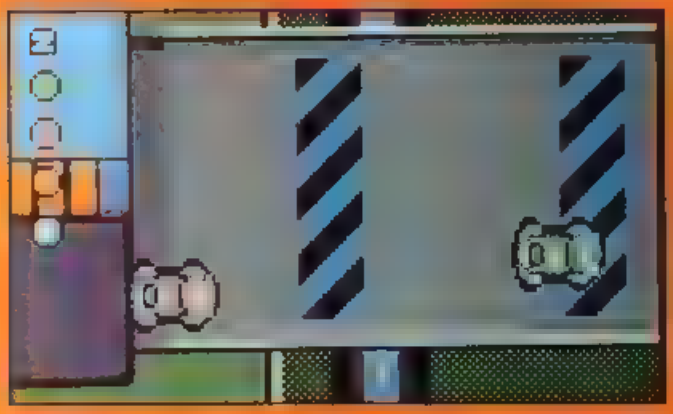
MEGA DRIVE

Become a Mega Drive games master [illegible] shortcuts to succe[illegible] courtesy of Chris Jones.



MICRO MACHINES 2

To get a taste car pause the game whenever you want and enter **Up Down, A, B, Left, Right** then hold **C** and unpause.

If you happen to be playing against a friend who's a champion at this game do the following

Pause the game whenever you want and key in **Left, Down Up Down Right, Down, hold A** and **Down** and then unpause it

It will now be unbelievably hard playing and you laugh at their new found uselessness!

RISTAR

Forget astronomer Patrick Moore's tips on where to find the big dipper in the sky at night. Instead, take down these tips to make *Ristar* a star game.

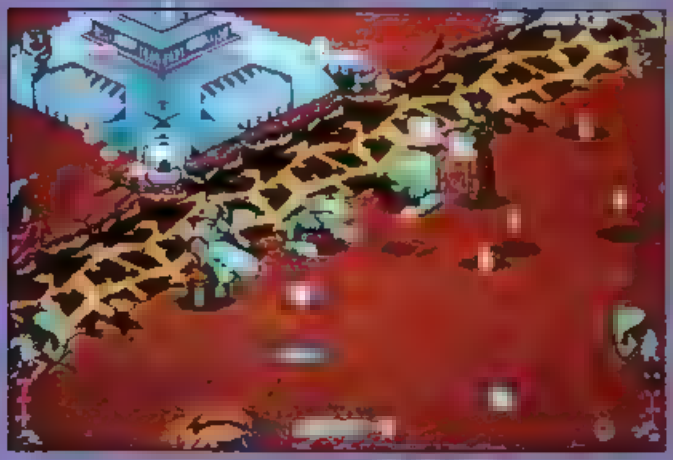
On the password screen enter the word **MUSEUM** and you will get a Boss Rush mode where you will take on

every guardian in the game one after another. To select whatever level you want to play, enter **ILOVEU** on the password screen.

To get a 'Time Attack' mode where you have to complete the levels as quickly as possible, enter the password **DOFEEL**.

Finally, to play the 'Onchi System' with some crazy options enter the password **MAGURO**.

SKELETON KREW



Those poor skeletons don't look well, do they? If you've yet to bond with all those bony bods on different levels, this tip will show you how.

Start playing the game and at any time press Start to pause it. Now enter **C, Up, Left, Left, B, A, Right,**

Down, C, Left, Up, and **B.** You can now switch between levels by pressing Left or Right to skip up and down them.

THEME PARK

A monster thank you to STC fan **Ian Kay from Liverpool** who tells me that by entering the code **7AAACAABAA4** you can start this Mega Drive game with 32 million pounds in the bank!

Try this if you want the children to ride your tubing ride in go-karts and the speedway in rubber tubes ... once you've made a Speedway or Tubing Ride and you've put the entrance in, turn the other ride off. Now change the track to either Speedway or Tubing and turn it back on.
